REMARKS

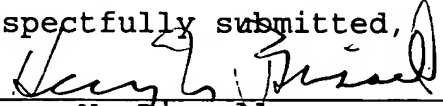

Reconsideration and allowance of the above-identified application in view of the present Amendment are respectfully requested. By this Amendment, the Specification has been amended a second time to meet the comments set out in the Office Action. The Examiner's comments greatly assisted the applicant's attorney undersigned in clarifying some of the questions that had arisen. In a telephone call on or about December 15, 2006, further clarification was provided. The courtesy of the Examiner in accommodating applicant's questions is acknowledged with appreciation.

Specifically, in the Specification designated paragraphs on pages 7, 8 and 9 have been rewritten with markings to indicate changes. The Claims have been re-listed, again with markings to indicate changes.

2 It is believed that with this Amendment there is no need
